PROFILE

Muhammad Salim Daqiq is an entrepreneur, organizational founder and development professional working at the intersection of international business, institutional leadership and social transformation. In 2015 he founded Change in Youths Social Assembly (+CYSA) in Kandahar, a youth-led civil society organization that was formally registered in 2018 and works for human rights, youth leadership, women's empowerment and girls' education; after August 2021 it continued as The Changemakers. He is Founder and Executive Leader of DAQIQ INTERNATIONAL, an international trading initiative in import and export, global sourcing, agricultural and food products and industrial supplies. His professional experience includes humanitarian logistics with the World Food Programme (2021–2024), executive coordination at the Kandahar Directorate of Public Health (2024–2025) and psychosocial support work. He has founded more than five English-language and computer-training academies. He holds a Bachelor of Science in Agricultural Science from the University of Kandahar.

FOUNDER ROLES AND PROFESSIONAL EXPERIENCE

2015 — Present

Founder & Organizational Leader

The Changemakers · Change in Youths Social Assembly (+CYSA)

Founded a youth-led civil society initiative in Kandahar in 2015, formally registered in 2018, and guided its adaptation into The Changemakers after August 2021.

- Set the organization's mission across human rights, youth leadership, women's empowerment, girls' education and community development
- Built a volunteer-driven institution and its working relationships with community elders, women-led groups and local authorities
- Led community programmes in education, hygiene and health promotion, and outreach to nomadic and vulnerable families
- Now leading institutional renewal: governance, partnerships and a women's economic-empowerment initiative in development

Founder

Founder & Executive Leader

DAQIQ INTERNATIONAL

Leads an international trading initiative focused on import and export, global sourcing, agricultural and food products, industrial supplies and wholesale distribution.

- Sets commercial direction, partnership strategy and business development
- Builds sourcing relationships and the company's professional standards for due diligence and compliance
- Represents the company to prospective partners, suppliers and buyers

May 2025 — Present

Psychosocial Support Counsellor

MMRCA

Provides psychosocial support with a beneficiary-centred, dignity-first approach, working within the organization's procedures and referral arrangements.

- Beneficiary-centred communication and active listening
- Community engagement and awareness on psychosocial well-being
- Respect for confidentiality, dignity and safeguarding standards
- Coordination and referral with colleagues and partner services where appropriate

Jul 2024 — Apr 2025

Executive Officer & Secretary

Kandahar Directorate of Public Health

Supported the directorate's leadership through executive coordination, institutional administration and official communication.

- Executive coordination and scheduling for senior leadership
- Drafting, tracking and filing of official correspondence
- Documentation, records management and administrative support
- Liaison between offices, departments and external stakeholders

Nov 2021 — May 2024

Logistics Assistant

World Food Programme (WFP)

Supported humanitarian logistics operations, contributing to the movement of assistance with accuracy, documentation and accountability.

- Operational coordination of logistics activities
- Supply-chain support, including tracking of consignments and stock
- Preparation and control of logistics documentation
- Reporting and data accuracy in line with accountability standards

Educational entrepreneurship

Founder & Co-Founder

English-Language and Computer-Training Academies

Founded and helped develop more than five academies in southern Afghanistan offering English-language learning and computer training to young people.

- Opened access to English-language learning and digital literacy
- Developed courses that improve youth employability and confidence
- Built teams of instructors and the administration behind them
